Network camera outdoor 5Mpx - turret

Code: JI-113C

Outdoor camera in turret design combines sharp images and compact design. Clear recordings in all weather conditions are always at your fingertips thanks to the MyJABLOTRON app.

Product description:

For continuous video recording, you can insert a memory card with a capacity of up **to 512 GB**.

Technical information:

Power supply	- from PoE (48V) data connection (according to IEE 802.3af) - alternatively via 12 V DC power connector
Quiescent current consumption	250 mA
Maximum current consumption	458 mA
Number of pixels	5 Mpix
Camera resolutions and bitrates	1–5 MPx, 448–3072 kbps (according settings in app)
FPS	15
Lens	3.6 mm (91° angle of view)
Lens type	M12 plate lens
Sensing chip	1/2.7" Progressive CMOS
WDR - half-light compensation	yes
Camera setup options	horizontal: 91°, Vertical: 46°
Communication interface	LAN
IR illumination range	30 m
Environment	outdoor general
Operating temperature range	-35 °C to +60 °C
Average operating humidity	up to 75 % non-condensing
Degree of protection	IP67
Dimensions	o 100 x 90 mm

Camera weight	418 g
Weight of socket	317 g
In compliance with	EN 55032, EN 50130-4, EN IEC 63000
