Bus outdoor keypad with RFID / NFC reader - white

Code: JA-121E-WH

Keypad offer a unique combination of modern design with dual media reading technology. The front surface is made of special synthetic tempered glass that cannot be easily scratched by keys or other hard objects.

Technical information:

Power supply	from control panel
Backup (idle) power consumption	35 mA
Maximum power consumption	105 mA
RFID frequency	125 kHz
MIFARE frequency	13.56 MHz
Environment	outdoor general
Ingress Protection Code	IP 55
Operational temperature range	-25 °C to +70 °C
Dimensions	96 x 67 x 19 mm
Weight	170 g
