

BUS outdoor access module with RFID

Code: JA-122E

The RFID card reader can be used for the activation of a PG output by which you can control access to an area by, for example, an electric lock. The module only has a reading part and optical status indication.

Technical information:

Power	from control panel digital bus (9...15 V)
Current consumption in standby mode	15 mA
Current consumption for cable selection	15 mA
Cover EN 60529	IP65
Mechanical strength EN 50102	IK08
RFID frequency	125 kHz
RFID cards	JABLOTRON 100 and EM Unique 125kHz
Dimensions	46 x 151.5 x 22.5 mm
Connection cable length	3.0 m
Operating temperature range	-25 °C to +60 °C
Operational environment	EN 50131-1 IV. Outdoor general
Classification	Grade 2
according to	EN 50131-1, EN 50131-3
Also complies with	ETSI EN 300330, EN 50130-4, EN 55022, EN 60950-1
Can be operated according to	ERC REC 70-03
